SHELBYVILLE, KY.

WEDNESDAY, DEC. 10, 1861.

The Election of U. S. Senator.

On last Tuesday the Kentucky Legislature elected John W. Stevenson Senator from the State. Thomas C. Metcalf, whose term of service expires in March 1871. The contest was mainly between Stevenson and McCrory, Golding, the so-called Radical candidate, having early and promptly withdrawn from the field. On Tuesday and Wednesday individual efforts were made to elect a Senator. The Radicals voted in solid, broken phalanx to the number often for Finley, who ever any one. On Thursday the first ballot resulted as follows: Stevenson, 66; McCrory, 59; Finley, 19; Beck, 1.

The joint session adjourned, and when reasonable Representative McCrory, a relative of the Senator, arose and in the following speech withdrew the name of Hon. T. C. McCrory:

MR. SPEAKER.—One of the most honored principles of the Democratic party is that the majority shall control. A gentleman disgraced for his intellect, and known all over this country for his profligate character, received this morning at the hands of this body a majority of the vote cast by the Democracy for a United States Senator in spite of the Hon. Thomas C. McCrory. I am here, sir, the representative of the Hon. T. C. McCrory, and desiring, as he does, largely in the Democratic party, to be chosen upon the vote of this morning as positive to the distinguished Governor of Kentucky he has requested me to withdraw his name from consideration as a candidate for the United States Senate. [Applause.] In doing this, I present to all those who have supported him so kindly and cordially his profound thanks. [Renewed applause.]

Messrs. Adams and Beck, were then withdrawn, and John W. Stevenson being the only Person left remaining in nomination, a ballot was had with the following result: Stevenson, 117; Finley, 19; J. A. Spalding, 5; J. C. Beck, 1.

W. Stevenson was then declared duly elected Senator etc.

WENDELL PHILIP'S PROGRAMME. Wendell Phillips has set forth in a letter to the *Anti-Slavery Standard* the measures which he and his followers wish Congress to pass. First no State should be permitted to return to the Union without ratifying the Fifteenth Amendment; second, Congress should adopt Mr. Julian's land bill, and save every acre of public land for the Union; third, it should distinctly declare the nation's righted duty to educate in free schools for all its citizens; and fourth, until we have a State right to perform it, fourth, the treason of the Supreme Court should be curbed by appropriating legislation; fifth, prompt measures should be taken to protect life and property in the South. "Garrison the whole South," says Mr. Phillips, "if need be, but make the flag a terror to its foes and a shield to its friends."

PLEASURABLE DEPOT BURNED.—On last Thursday a fire was discovered in the old Depot building near Pleasurale, which was not extinguished until that building, Robinson's hotel, and Lehman's store and dwelling were all consumed. The Depot was the property of Mr. Lehman. The goods in store and the furniture were all saved as well as the books and papers of the Rail-road Company. One of the parties whose property was not insured was presented with several hundred dollars by the citizens assembled at the fire, which will enable him to repair his loss to some extent. We did not learn the amount of insurance on the different buildings. It is supposed the fire originated accidentally.

THE CINCINNATI HOG MEN MADE UP ON LOUISVILLE LAST WEEK, AND CLUNG THE CITY OF HOGS. 900 WERE SHIPPED BY RIVER, AND THE SAME DAY TWO LARGE FREIGHT TRAINS LOADED WITH HOGS FROM LOUISVILLE PASSED THROUGH LAFAYETTE TO CINCINNATI. THE DAY AFTER WE WERE IN LOUISVILLE, AND SEVEN HUNDRED HOGS FROM THE NASHVILLE RAILROAD PASSING THROUGH NASHVILLE. CINCINNATI IS BIG ON HOGS, AND WHEN SHE TAKES A LOOK AT THEM, SHE TAKES A LOOK AT THEM. A FEW YEARS AGO SHE PLAYED THE SAME GAME ON CHICAGO, AND BOUGHT ALL THE HOGS IN THE CITY BECAUSE THEY WERE SO CHEAP. THE HOGS HAVE A SAVING GRACE IN MANY CASES, WHERE MORAL RUIN IS OF NO EFFECT.—*Cincinnati Gazette.*

ARROGACY.—In returning her thanks to our good friends the committee, we wrote that "the great interest manifested, &c., what was our amazement to see the work of the manufacturers' principal instead of the work we had written." Of course we regret the tyro graphical error, which made us attribute motives to candidates that does not in the least influence them.

IT IS STATED THAT MARYLAND AND KENTUCKY WILL NOT MEET NEARLY AGREED BY THE REQUIREMENT OF THE FOURTEENTH AMENDMENT THAT WHEN EVER A STATE GOVERNMENT DENIES THE BALLOT TO ANY CLASS, EXCEPT FOR RELIGION, THE REPRESENTATION IN CONGRESS IS REDUCED IN THAT STATE IN THE RATIO OF THE NUMBER DISFRANCHISED.

THE CONSERVATIVE JOURNAL OF GEORGIA ARE DEFENDING GOVERNOR BULLOCK AND HIS "DESTRUCTIVE PROGRAMME." THEY INDIGNANTLY REPROACH US FOR EXALTING THE SOUTHERN CONFEDERACY, OR CALLING IT AN INDEPENDENT STATE.

GOVERNOR STEVENSON, OF KENTUCKY, RECOMMENDS TO THE LEGISLATURE THAT THEY CALL A CONVENTION TO REVISE THE STATE CONSTITUTION. THE PRESENT CONSTITUTION WAS ADOPTED NEARLY TWENTY YEARS AGO.

Our Plan on Washburn and Chandler.

The Richardson Affair.

HEAR THE OTHER SIDE.

ANOTHER side of the genus that you would know about your President? Not so much as I can tell from the talk of Washburn and Frazier, but I can tell you the working of the mind of that preacher's intellect that has been so active since the time of the Veto House.

Now, if President makes a speech in excited states, it is not always fully described by that intrepid honest Radical, Don Pratt, in Washington correspondent of the *Commercial Advertiser*. Referring to Washburn and Chandler, he says:

"Washburn does not shun at Paris that he is out of place; that he has unfeigned impudence, and asked whether it would have been Minister to England if he could have had the English language. Sen. Chandler, who went to Europe with a large retinue clad in livery, was visited for a travelling doctor, a mountebank, and had to discharge his numerous negro attendants.—People wanted facts extricated or sealed; craved monstrous demands for medicine. He put on an Indian dress and purchased a horn, the point that they did not belong to Drew. *Courier-Journal.*

Washburn does not shun at Paris that he is out of place; that he has unfeigned impudence, and asked whether it would have been Minister to England if he could have had the English language. Sen. Chandler, who went to Europe with a large retinue clad in livery, was visited for a travelling doctor, a mountebank, and had to discharge his numerous negro attendants.—People wanted facts extricated or sealed; craved monstrous demands for medicine. He put on an Indian dress and purchased a horn,

the point that they did not belong to Drew. *Courier-Journal.*

3. The Indiana decree of divorce was obtained, we are assured, without service of summons on the husband, or just as the notorious Spanish divorce was obtained by Mrs. Alex. Nickels from her husband, with protestations and demonstrations of love, in order to blind him to her relations with Richardson. Having blinded her husband, she disappeared with her children. Richardson knew where, when, and how she went. Her husband does not know to this day.

4. The Indiana decree of divorce was obtained, we are assured, without service of summons on the husband, or just as the notorious Spanish divorce was obtained by Mrs. Alex. Nickels from her husband, with protestations and demonstrations of love, in order to blind him to her relations with Richardson.

5. This divorce obtained by fraud, false in allegations, and merely intended as a bridge between the bed of Daniel McFarland and the bed of Albert D. Richardson, was and is void from the beginning.

Henry Ward Beecher performed a ceremony of marriage between such a woman and such a man with all these circumstances staring him in the face, and while the real husband of the woman aforesaid was under duress because he had seduced his wife's affections, and because he was accessory to the fact of her flight from her husband, her sealing off fifty percent of the colored people have fallen off fifty percent, as the Mobile papers inform us, it doesn't look as though air of freedom was proving altogether salubrious to the enfranchised as was predicted.

DECREES OF THE BLACKS.—During the month of October, one of the mortality reports in Mobile showed the whole number of deaths to have been thirty, of which twenty-one were of blacks, and nine of whites. The population of the city is over 86,000 whites, and less than 18,000 blacks, so that that week's report showed a death of one out of every 86 blacks and only one out of every 4,000 whites. When it is added that the blacks among the colored people have fallen off fifty percent, as the Mobile papers inform us, it doesn't look as though air of freedom was proving altogether salubrious to the enfranchised as was predicted.

GODFREY'S LAIR'S BOOK.—The January number of this superb monthly is now on our table. Godfrey has attained a reputation after forty years' experience, that is really enviable. He furnishes a rich table of contents in the way of literary matter in each issue, and his beautiful steel and fashion plates cannot be equaled by any similar publication in the world. The next year he promises to excel all his former efforts. Mr. Godfrey has been Europe for the last six months, gathering from the most celebrated establishments in France and Germany matter for the ornamentation of his work, and arranging for an increased correspondence upon the subject of fashions. Remember we furnish Godfrey and the *Sentinel* one year for the low price of \$4.50.

POSTHUMOUS HUXON.—Whose memory so honored us that of the celebrated Prussian physician and philosopher, Christoph Willhelm Huxley? Throughout the whole extent of Europe, especially Germany, his name has been for years a familiar household word, and there are but few in our own continent who have not experienced the benefits of his great medical and scientific attainments. His celebrated discovery for the cure of Liver Complaint, Dyspepsia, Nervous Delicacy, &c., is a preparation of the greatest merit, and gives the utmost satisfaction in all cases.

The last of the summons of the Shelby Ball had been served and delivered to the Company yesterday.

Commission to Camp Town was granted on last Monday to Mr. Mary Bell, Sappingtonville, and to S. G. Brady, at Harrisville.

Mr. R. L. Owen warns trespassers upon his farm that if they do not desist the law will be rigidly enforced.

Good Stock.—T. G. Crutcher sold to Baylor Allen a Berkshire pig, from his imported sow, by an imported hog, for \$50.

Mr. Will Stevens of this county was offered and refused \$4 per 100 lbs for a lot of two-year old cattle that averaged 600 lbs.

Our friend R. T. Owen, Circuit court clerk, was among the number of persons whose disabilities were recently removed by the act of Congress.

A LARGE Hog.—Messrs. A. & R. W. Middletons of this county sold to Mr. A. M. Willis a Berkshire hog that weighed 1005. His hogship passed through Shelbyville yesterday and attracted no little attention.

The largest freight train that has gone to Louisville over the L. C. & L. railroad for many a day passed through La Grange on 9th inst. Eleven cars of mules, bound for Georgia, sixteen cars loaded with hogs for Louisville market and four cars of other freight.

About three hundred mules, with a number of horses, passed through La Grange last week, on the cars, bound for the Southern market. More hogs were shipped this week than have been before, notwithstanding there has been a perfect rush five weeks past.

A great deal of hand shaking last Monday. The dear people are beginning once to be duly appreciated. The health of the wife and the little ones, is being enquired after, and a great interest manifested as to their welfare. In other words the Candidates are coming out—coming out strong.

Hogs.—There are few hogs left in the county; they are selling at \$3 and 90¢. Hogs are now being sent to the Cincinnati market. It seems that our farmers are just beginning to appreciate the advantage of the Short-line Railroad, and are turning their faces Cincinnatiward.

RELIGIOUS NOTICE.—Rev. G. D. Cummings, D. D., Assistant Bishop of Ky., will visit St. James' Church the 4th Sunday in Advent, Dec. 13th, at which time the Holy Rite of Confirmation will be administered, if desired. Services at 10 o'clock A. M. and 6 P. M.

Those clever merchants Messrs. Hastings & Hollenbach, sent us a jug of the excellent elder advertised in this issue. Like every thing that is kept by these enterprising gentlemen, it is of the best quality. We are under obligations for their kind and timely remembrance of us.

STOCK SALES.—On last Monday, County Court day, the cattle offered for sale was generally of inferior quality. The best, about 175 head on the market, the best selling for about \$141.

FOR COUNTY JUDGE.—We announce in this issue Jno. A. Middleton, Jr., a candidate for County Judge. Mr. Middleton is too well known to the people of Shelby as an energetic, earnest and working lawyer, as a man of strict integrity, and as a Democrat of the purest type, to require an endorsement from us. But having known him since our schoolboy days, having observed with pleasure the zeal and ability he displayed at the bar, and knowing that he would discharge the duties of the office to which he aspires with satisfaction to the people, we do not hesitate to commend him to the consideration of voters.

Mr. W. H. Booker who has lately removed to Eminence from near the mouth of Harrod's Creek relates to us a singular occurrence that transpired in that section. In clearing away some fallen timber in order to make a new road a trunk of a tree was set on fire when a terrible explosion took place and a cannon ball passed from it between two laborers who were standing a short distance from each other upon examination a small brass cannon was found in the trunk. It is supposed to be a relic of the late unpleasantness. We cannot find it in our hearts to blame Mr. Booker for leaving a country where hollow trees go off in that way. We should go off to.

HERR FOR FRED KRUEGER.—He has sold his first immense lot of Boots and Shoes, and has bought another lot which affords purchasers another opportunity to buy the best quality cheap for cash. He is the man to give bargains and he always sells the best goods.
